Vivid images under any lighting conditions.

Capture Attention and Aid Retention with the Conveyable Media Display from Influence Media Network

New tool provides competitive edge for your athletic programs through improved training while enhancing the game experience for audience, messaging to alumni and fans, and generating new revenue stream from advertisers and sponsors.

You can take this system out on the football, baseball, soccer, or track field or in the gym to break-down last week's game or prepare for the upcoming opponent. Tape practice and after telling athletes what to do, spend some time showing them what they actually did in life size slow motion.

Instill a sense of pride in your facilities without breaking the bank with our cost-effective "jumbotron" solution. You don't have to spend six figures to have a high definition display that rivals the size and brightness of systems costing hundreds of thousands or even millions.

Communicate vital information to your fans and alumni while you have them at events through digital messaging.

Easily raise tens of thousands of dollars annually through advertising and sponsorship. Not only can your institution have the system paid for but it can contribute tens of thousands of dollars annually to your bottom line.

Let's look at how this system can benefit your program in a typical week.

1 Setup Is EASY! Tow display to location.

2 Raise screen with wench.

3 Extend projector arm. Level display.

4 Turn on generator. Turn on HDMA4100 Turn on Projector. Attract Attention!

The Conveyable Media Display At Work in College Athletics

MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY	SATURDAY	SUNDAY
<p>AM</p> <p>Special program with a visiting speaker that includes video but plans to present outdoors in the Greek amphitheatre. They use the system where it was not possible before due to the high ambient light. It is quick and easy to tow with golf cart then easy to roll in and setup indoors. The audio capability eliminates having to set up separate system.</p>	<p>AM</p> <p>Volleyball team uses the system during practice by filming setting, dig, and kill drills, then reviewing in life size slow motion.</p>	<p>AM</p> <p>Dance Team prepares for upcoming football game by reviewing tape of last Friday's performance, filming rehearsal, then reviewing in life-size slow motion.</p>	<p>AM</p> <p>Cheerleading team prepares for upcoming football game by reviewing tape of last Friday's routines, filming practice, then reviewing in life-size slow motion with sound.</p>	<p>AM</p> <p>Band prepares for tonight's performance by filming practice then reviewing in life size slow motion with sound.</p>	<p>AM</p> <p>Admissions Athletic departments use the system to welcome parents and potential students to campus at special event to tour campus on gameday.</p> <p>Alumni uses system during luncheon program to communicate Alumni messages and run sponsor ads.</p>	<p>AM</p> <p>(no schedule)</p>
<p>PM</p> <p>Football team takes on field to break down film from last Friday night's victory. Emphasize what you did right with life size slow motion and point out areas players can still improve. Being able to use it right on the field in all weather including full sunlight on a screen large enough the entire team can see is a huge benefit by shortening the time between showing athletes something then putting it in practice.</p>	<p>PM</p> <p>Football team takes on field and films blocking, tackling, and passing drills, then reviewing in life size slow motion right on the field.</p>	<p>PM</p> <p>Football team begins preparation for Friday's game by watching scouting film of opponent. Coaches discuss strategy during film and freeze or slow down as appropriate.</p>	<p>PM</p> <p>Football team Offensive and Defensive coordinators prepare for tomorrow's game by filming practice then reviewing with skill players in life size slow motion.</p>	<p>PM</p> <p>During pep rally system runs sponsor ads wrapped with student athlete / cheer / band / dance profiles and school messages and announcements..</p>	<p>PM</p> <p>During pre-game tailgate parties system runs sponsor ads and fan / alumni messages.</p> <p>During the game system runs live video wrapped by sponsor ads. At halftime runs game sponsor video, school announcements, and sponsored student athlete of the week profile.</p>	<p>PM</p> <p>Booster Club uses system during meeting to show advertiser content to prospective advertisers they are seeking 2011 sponsorship from and to highlight value of advertising on the system.</p>
